CARE INSTRUCTIONS – ALUMINIUM

Aluminium is a lightweight, durable and weather-resistant material that requires minimal maintenance. To preserve its appearance, we recommend cleaning it regularly with a soft cloth, lukewarm water and mild soap. If you live in a coastal area, more frequent wiping is advised to protect the surface from salt exposure.

The furniture is suitable for year-round outdoor use. However, we recommend using a protective cover during the winter months to extend its lifespan even further.

Thanks to its low weight, aluminium furniture is easy to handle and move – ideal for adaptable outdoor spaces.
